The Honorable George M. Humphrey
The Secretary of the Treasury
Washington 25, D. C.

Dear Mr. Secretary:

In Mr. Dulles' absence, I am pleased to reply to your letter of 14 September in which you requested his encouragement of Agency employees' participation in United Community Campaigns.

Mr. Dulles has consistently expressed his strong support of such campaigns and recently addressed a memorandum to all Agency personnel urging their sharing in our charity fund drive which is presently under way.

Official solicitors have been appointed and instructed in the proper procedure for conducting the drive. A second memorandum to all employees described the purposes of the drive, listed its participants, and outlined the correct method for contributing and pledging. In a further effort to publicize the drive and stimulate interest in giving, all employees will be contacted personally.

We appreciate the information outlined in President Eisenhower's Procedural Guide and wish to assure you that we have pledged our full support to this endeavor. We hope that our concerted effort will result in a significant contribution by this Agency exceeding our performance of last year.

Sincerely yours,

SIGNED

C. P. Cabell
Lieutenant General, USAF
Acting Director
